

Part III – Education Requirements

The Director:

As of May, 1994 in writing qualifications for library positions: Regulations 90.8 of the Commissioner of Education must be satisfied. For populations below 2,500 the regulations do not specify a requirement. However, rather than populations served, duties of the position should be guiding factor in determining qualifications. Because of the numerous essential tasks needed to successfully carry out this position, the Benedek Memorial Library Board of Trustees feel that two years of completed college education are required.

Library Aid:

None.
